Presentation ID Nr.	IAC-22,A7,IP,x71019

Congratulations - you may begin making your congress plans! Please save this message for reference.

Confirmation of presentation

Confirmation of your presentation should be regarded as an undertaking that, **the main author shall submit the following materials for the Technical Programme: a full paper and an Interactive Presentation (IP) to be included in the online Congress Proceedings and the Virtual Technical Gallery. Each paper must be original and unpublished work, not submitted for publication elsewhere** (copyright problems fall entirely under responsibility of the authors). The proceedings are published with ISSN and all IAC papers are indexed with SCOPUS and EI Compendex.

Registration policy for IP presenters

It is **mandatory** that at least one author of each accepted paper attends the session and presents the work. IPs that are accepted will be included in the online congress proceedings and the Virtual Technical Gallery **providing at least the presenting author completes registration (including payment) by 5 September at the latest**. Failure to register before the deadline will result in automatic withdrawal of your materials from the congress proceedings. A single registration may cover up to **three (3) Interactive Presentations maximum**.

Registration

Online registration is open at:
