

# Cloud dell'area Padovana - Acceptable Use Policy (AUP)

Version 1.0

I declare that:

- I agree with the policies published on the web at <http://www.pd.infn.it/calcolo> and specifically with the Conditions of Use of INFN'S Computing Resources, with GARR Acceptable Use Policy and with Internet Netiquette; I'm also aware that I'm subject to Italian laws about computer crimes, and specifically Italian law n. 547 of Dec. 23, 1993.
- I'll access to computing resources, hardware, software, services, local network and Internet only for activities related to my role at INFN .
- I'll be the only user of my account and that I'll not share or pass it to anyone, for any reason, not even temporary.
- I commit myself not to install network or users activity monitoring programs and not to violate other users privacy.
- I commit myself not to modify the computer access restrictions and not to install networking services without permission of the Computing and Networking Service.
- I commit myself to allow access to the Virtual Machines (VMs) created only and exclusively to people who filled up the proper application form here or a later version.
- I am aware that I will be held responsible for all the activities performed on the VMs created by myself.
- I commit myself to report incidents, suspected abuse or security violation to the Computing and Networking Service and to cooperate to any problem solution.
